

Peter Leong

Ph: +1 (236) 998 6997
Email: contact1@freshcode.biz
Address: Vancouver BC, Canada

KEY SKILLS / EXPERIENCE

- ✓ Full stack web development
- ✓ Advanced modeling and problem solving
- ✓ Well developed verbal and written communication skills
- ✓ Modern, agile, sustainable software development practices
 - Functional programming
 - Iterative development
 - Reusable software
 - Continuous integration
 - Event Sourcing / CQRS
 - Refactoring
 - Test driven development
 - User interface / experience
 - Design patterns

TECHNOLOGY USED PROFESSIONALLY

Languages	Javascript, Java, Scala, Java, SQL, Bash Script
Java / JEE	Servlet, JMS, JSP, JDBC, Swing, EJB
Frameworks	Node, ReactJS, Redux, GWT, Squeryl, Spring, Hibernate, Struts
Web	Javascript, HTML, XML, CSS, SVG, WebCal
App Servers	Node, Tomcat, OpenShift, Jelastic
Testing Tools	Scala Check, Scala Mock, Scala Lint Checker & Wart Remover, JUnit
Build Tools	Maven, Bamboo, Hudson / Jenkins, Ant
Database	EventStore, Postgresql, SQL Server, Derby, H2
AWS	CodePipeline, CodeCommit, Beanstalk, EC2, RDS, Route53
Other	Intellij IDEA, Git, SVN, Jira, Confluence, GIMP, Inkscape

EDUCATION / FURTHER TRAINING

- Self managed learning in modern, SaaS tech 2018:
 - React, Javascript, Typescript, GraphQL, Microservices, Event Sourcing
- Self managed learning in Functional / Reactive programming and Scala 2016-17
- Sun Certified Programmer for Java (100%) - 2004
- Double bachelors degrees in Electronic Engineering & Computer Systems IT - Queensland University of Technology, Australia
